ABOUT CIBIL AND THE CREDIT SCORE

WHAT ROLE DOES CIBIL PLAY?

TransUnion CIBIL Limited is India's first Credit Information Company. We collect and maintain monthly reports (Credit Information Report- CIR) from banks and financial institutions, detailing individuals' loan and credit card payment history.

Basis the CIR a Credit Score is generated which is then used by the lenders during the loan evaluation process.

WHAT IS A CREDIT SCORE?

A Credit Score is a three digit numeric summary of your credit history. The value ranges between 300-900. It is derived by using details found in the Accounts and Enquiries section on your Credit Information Report (CIR). It indicates the 'probability of default' of a borrower based on their credit history. (Refer Page No. 06 for more details.)

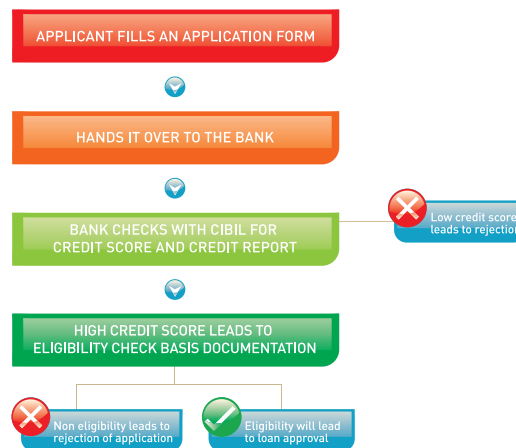

- Your Score
- Figures indicate % of all new loans sanctioned falling in this score band

IMPORTANCE OF CIBIL SCORE IN LOAN APPROVAL PROCESS

WHAT ROLE DOES A CIBIL SCORE PLAY IN THE LOAN APPLICATION PROCESS?

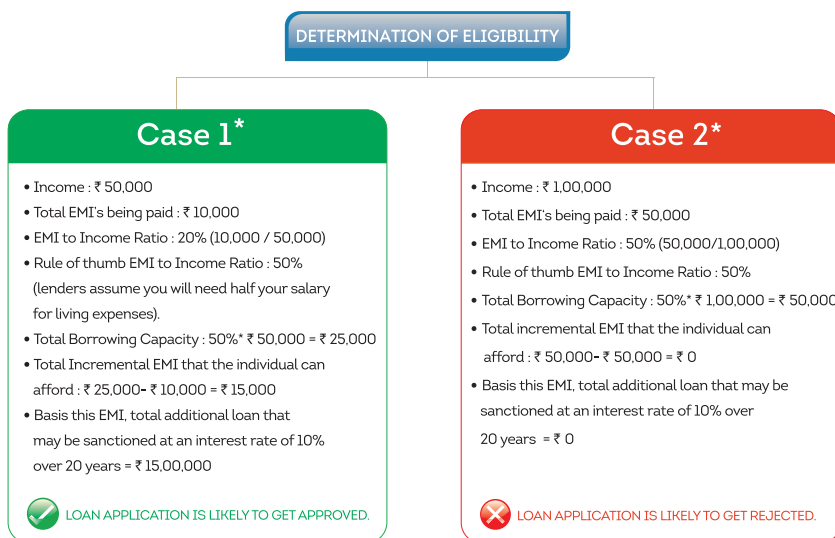

Your CIBIL Score is one of the first checks that a lender does when they are evaluating your loan application. It's important to know that nearly 90% of the loans are granted for individuals with score greater than 750.

The higher your CIBIL Score, the higher are the chances of your loan application getting approved.

HOW DOES ONE DETERMINE THEIR LOAN ELIGIBILITY?

Loan eligibility is determined using information such as Income, Current EMIs, and Credit Score. Once a Credit Score meets the lenders internal credit policy criteria, they then analyse the documents to understand some key points before approving loan application as mentioned below.

* For Indicative purpose only.

This behavior of seeking excessive credit indicates that your debt burden is likely to, or has increased and you are less capable of honoring any additional debt, leading to a marginal impact on your Credit Score.

LOAN REJECTION AND DISPUTES

WHY ARE APPLICANTS ASKED TO CONTACT CIBIL IF THEIR LOAN HAS BEEN REJECTED?

One of the parameters considered by lenders when evaluating a loan application is the CIBIL Score. The loan would have been rejected because the CIBIL Score does not meet the lenders internal Credit policy criteria. By contacting CIBIL you can purchase your CIBIL Score and Report understand your credit history in detail. The report will indicate the areas that are adversely affecting the Credit Score or will help you identify any discrepancies/errors that may be reflecting against your name.

This will also reflect on the other individual's CIR. 3. Authorized User: This is used for 'add-on' credit cards that you may have. While this reflects on your CIR, lenders know that you are not responsible for paying dues on that particular account. 4. Guarantor: A guarantor pledges to repay a loan on behalf of a third party who has taken a loan. Hence, he provides a guarantee to the lender that he will honour the obligation, in case the principal applicant is unable to do so.

SETTLEMENT AMOUNT	When an amount owed on a loan account is disputed, the individual and lender settle at some amount in between. It's what the lender believes is owed and what the individual believes he should pay. This is the amount the individual has agreed to pay. The rest of the amount (that the lender believes is owed) is written-off by the lender.
SUIT-FILED / WILFUL DEFAULT	In case the lender has filed a suit against you, there is specific reporting prescribed by the Reserve Bank of India (RBI). This is as follows: 1. No Suit Filed (or the field will be blank) 2. Suit filed 3. Wilful Default 4. Suit filed (Wilful Default)

CASE STUDY SCORE

HOW A 'GOOD' CREDIT HISTORY HELPS IN GETTING LOWER RATES FOR LOANS?

Mr. Roy wanted a car worth 10.29 lacs, he had 4 lacs and needed an auto loan of 6.29 lacs. He applied for a loan from Bank A, who offered him a quote of 11.70% for a 5 year period; the EMI would be 13,897. Mr. Roy also approached Bank B, who checked his CIBIL Score and Report and offered a lower rate of 11.30% for the same term, bringing down the EMI by 126. Mr. Roy called Bank A to decline their offer since Bank B had given him a better quote. On learning this, Bank A matched the offer by giving him a rate of 10.34%; the EMI would be 13,470, resulting in a total saving of 25,604 over the 5 years. Mr. Roy's good credit history, credit score, and financial discipline earned him almost a 3% discount on an auto loan.
